

## Nvidia GeForce® 2080

Last Update: 02/12/2019

### Bitte beachten / Please note:

Die in der Montageanleitung dargestellte PCB-Nummer bezieht sich auf das Referenzdesign (Founders-Edition) der Grafikkarte, für welches der TechN-Kühler entwickelt wurde. Viele Hersteller bieten ähnliche Grafikkarten an, haben jedoch ein geringfügig geändertes PCB-Layout. Für diese Karten kann die TechN GmbH keine Gewährleistung auf Montagefähigkeit geben. Diese Liste basiert auf der visuellen Prüfung verschiedener Grafikkarten-Modelle diverser Drittanbieter.

Die jeweilige PCB-Nummer kann von Modell zu Modell stark variieren und obwohl die Kompatibilität laufend geprüft wird, kann es vorkommen, dass Hersteller die PCB-Layouts ohne vorherige Ankündigung ändern.

Daher ist jegliche Haftung ausgeschlossen, alle Angaben erfolgen ohne Gewähr auf Vollständigkeit, Richtigkeit und Aktualität.

*The PCB-number shown in the assembly manual refers to the reference design (Founders Edition) of the graphics card, which the TechN cooler was developed for. Many manufacturers offer similar graphics cards, but have a slightly different PCB layout. TechN GmbH cannot provide any warranty for the mountability of these graphics cards.*

*This list is based on the visual inspection of various graphics card models from few third-party suppliers.*

*The PCB-number can vary from model to model. Although compatibility is continuously checked, manufacturers may change PCB-layouts without prior notice.*

*Because of that, all liability is excluded, all information is given without guarantee of being complete, correct and up-to-date.*

Manufacturer	Product	Model	Checked
NVIDIA	GeForce RTX 2070 Super	PCB-No. 180-1G180-DAAA-A13	visually
